I'M WERY, LET ME REST

Traditional

Chorus:

Kiss me mother, kiss your darlin'
Lay my head upon your breast
Throw your loving arms around me
I am weary let me rest

Seems the light is swiftly fading
Brighter scenes they do now show
I am standing by the river
Angels wait to také me home

Chorus:

Kiss me mother, kiss your darlin'
Lay my head upon your breast
Throw your loving arms around me
I am weary let me rest

Through the years you've always love dme
And my life you tried to save
But now I shall slumber sweetly
In a deep and lonely grave

Chorus:

Kiss me mother, kiss your darlin'
Lay my head upon your breast
Throw your loving arms around me
I am weary let me rest
